Streamlined for ease of use, focused on student outcomes.

For use in high-beginner or one semester courses, this 10 chapter version of the bestselling elementary French text, *Chez nous*, stands apart from other first year French texts by carefully selecting lexical and cultural content for broad coverage within a highly disciplined framework.

Changes to the Second Edition focus on enhancing student outcomes, including a new design, refinements to the scope and sequence, new strategy boxes, and new comprehension based grammar activities.

- **Balanced Approach** — The user-friendly organization divides each chapter into three lessons that feature integrated lexical and grammatical presentations, sequenced practice, cultural information, and a culturally based skills activity.
- **Connect with Culture** - Thematically interrelated lessons closely integrate the presentation of lexical and grammatical content within interesting and culturally authentic contexts of France and the Francophone world.
- **Explore Grammar** - Grammatical presentations are streamlined to reduce the coverage of complex grammar points such as the subjunctive and the conditional.
- **Build Vocabulary** - Varied and appealing visuals and language samples present vocabulary in authentic everyday contexts.
- **Develop Skills** - Process approach to development of the four skills helps students become confident and

proficient at carrying out a wide variety of communicative tasks.
