Pierre d'Entremont was the pampered youngest son of a successful French banking family. With an older brother to carry on the family tradition, Pierre is enrolled in the E'cole Militaire with the thought of a political career to follow his military service. But when the chief cashier embezzles all the bank's money and escapes to the Americas, Pierre suddenly has to earn a living.

He has heard that a fortune can be made in King Leopold's Congo Free State. Although he has heard stories, mostly told by the British and Americans, of atrocities perpetrated on the natives by King Leopold's agents, stories the King denies, Pierre concludes that, given his military training, his best option is to enter King Leopold's Congo military service.

Pierre arrives in the Congo in 1902. Within the first month, he becomes sick and nearly dies; makes an enemy of Harou, Leopold's most powerful man in the Congo; and, on the way to his posting, must always keep his gun within reach. *Of Rulers and Ruled* is an historical novel of one man's heroic struggle against the greed, cruelty, and terror of a corrupt government in colonial Africa. Pierre d'Entremont went to Africa to seek his fortune, and stayed to fight an evil regime.
