A unique and creatively written book that will lay the groundwork for you to start sharing your Faith using simple objects and common interests. Written with waterfowlers in mind, this book is a simple-minded effort at sharing one man's insights with people who may have similar interests or are unable to be reached with traditional "Church" services. Including details about how to explain Christianity and the Holy Trinity using only a duck call, this book also uses correlations between Christians and the making of a duck call to represent the maturing of new Christians as they answer the call to The Great Commission. Additional topics discussed address Hypocrisy within the Church, the concealment of sin, and the reason we continue to fail; all using duck hunting analogies that are easy to understand even for non-hunters. Other interesting concepts include The Christianity Tree, Splash & Dash Evangelism, and "Church Camo" as well as full color pictures and diagrams including a 360 degree view of the Award-Winning Noah's Ark Duck Call created by the Author.
