Who says a rising neurosurgeon can't fall from his pinnacle? From the skullduggery taking place deep in the Tennessee woods to the silent tension in the OR, Doctor Danny Tilson's life takes an abrupt turn after performing surgery alongside a scrub nurse with aqua eyes and a velvet voice.

Can Danny's situation get any worse after the alluring lady disappears, he inherits her roguish retriever, and his Albert Einstein historical book turns up missing? A pack of Tennessee attorneys pursue Danny while he develops a scheme with his paramedic best friend to payback the mysterious woman who left in a hurry.
