How To Solve a Murder: The Forensic Handbook Michael Kurland

Science. Informants, intuition, and detection all have their place, but the most difficult of crimes are solved in the crime lab. From centuries-old tracking methods to the latest in DNA fingerprinting, law enforcement officials across the country rely on forensic science to lead them to the perpetrator or provide them with a "smoking gun." In "How to Solve a Murder," crime specialist Michael Kurland takes readers on an expert's expedition of forensic techniques used today, including: Ballistics Fingerprinting Crime scene investigation DNA matching Blood typing Post-mortem examination With a fictional murder set up at the start, Kurland shows how criminalists apply each of these techniques to solve the crime. Along the way, he offers fascinating anecdotes of infamous crimes: how a few fibers, the shape of year-old blood splatters, or the small dent from a grazing bullet have been all that was needed to set an innocent man free or put a murderer behind bars. For fans of true crime and mysteries, for anyone who has ever wanted to write a detective story, or for those of us who just want to help solve those grisly murders on the nightly news, "How to Solve a Murder" is a must read.

From reader reviews:

Flora Young:

Do you have favorite book? Should you have, what is your favorite's book? Reserve is very important thing for us to find out everything in the world. Each book has different aim or even goal; it means that reserve has different type. Some people experience enjoy to spend their time for you to read a book. They are really reading whatever they consider because their hobby is actually reading a book. Consider the person who don't like studying a book? Sometime, particular person feel need book if they found difficult problem or perhaps exercise. Well, probably you will require this How To Solve a Murder: The Forensic Handbook.

Michael Short:

Is it you who having spare time subsequently spend it whole day by simply watching television programs or just lying on the bed? Do you need something new? This How To Solve a Murder: The Forensic Handbook can be the solution, oh how comes? A book you know. You are and so out of date, spending your time by reading in this completely new era is common not a geek activity. So what these ebooks have than the others?

Sylvia Cunningham:

As a pupil exactly feel bored to be able to reading. If their teacher asked them to go to the library or even make summary for some e-book, they are complained. Just tiny students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to the library. They go to there but nothing reading critically. Any students feel that examining is not important, boring as well as can't see colorful images on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this How To Solve a Murder: The Forensic Handbook can make you truly feel more interested to read.

Nichelle Shive:

A lot of people said that they feel weary when they reading a reserve. They are directly felt it when they get a half portions of the book. You can choose the particular book How To Solve a Murder: The Forensic Handbook to make your own reading is interesting. Your skill of reading ability is developing when you similar to reading. Try to choose very simple book to make you enjoy to see it and mingle the feeling about book and studying especially. It is to be 1st opinion for you to like to open a book and go through it. Beside that the reserve How To Solve a Murder: The Forensic Handbook can to be your friend when you're experience alone and confuse in doing what must you're doing of these time.
