**Rural Nursing: The Australian Context** Karen Francis, Ysanne Chapman, Carmel Davies

The Australian rural environment is unique, diverse and challenging for nurses who are the most significant providers of health care in this context. *Rural Nursing: the Australian Context* provides readers with an understanding of the knowledge and skills required to practise in rural locations and communities. This book includes chapters on pregnancy, parenting, childhood, adolescence, adulthood, ageing and mental health. It examines rurality, population and health demographics, and the different practice opportunities available in rural settings. The authors outline the importance of having well-established professional networks and encourage readers to develop practice skills in response to a particular community. Each chapter features a vignette, reflective questions and a list of websites for further reading. Written by a team of academics and practising rural nurses, *Rural Nursing* will equip nursing students with the confidence to provide high-quality health care in a range of practice settings.
