Things Before and After: How Technology has Improved Lives: Technology for Kids (Children's Computer & Technology Books) Baby Professor

Young children may not know what life was like before technology. This is your chance to open their eyes to a technology-less living. Imaginative and thought-provoking, this picture book will challenge your child's ability to grasp the post-modern world. The use of a picture book to present this concept is highly applauded because it saves the child from having to rely on imagination alone. Grab a copy today!
