A person doesn't have to be a consensus organizer to think like one. **Consensus Organizing: A Community Development Workbook?A Comprehensive Guide to Designing, Implementing, and Evaluating Community Change Initiatives** helps students and practitioners begin to think like consensus organizers and incorporate this way of strategic thinking into their lives and their work. Through a wide range of exercises, role-play activities, case scenarios, and discussion questions, this workbook presents the conceptual framework for consensus organizing and provides a practical and experiential approach to understanding and applying consensus organizing to address a range of issues. This workbook is designed to be used by itself or along with Mike Eichler's text *Consensus Organizing: Building Communities of Mutual Self Interest* (SAGE, 2007).
