Now available in a significantly updated third edition to address new issues such as the Internet and globalization, *Social Communication in Advertising* remains the most comprehensive historical study of advertising and its function within contemporary society. It traces advertising's influence within three key social domains: the new commodities industry, popular culture, and the mass media that manages the constellation of images that unifies all three.

## **The third edition includes:**

- \* discussion of new technologies and issues, from the Internet to globalization
- \* updated and expanded examples and illustrations
- \* revisions throughout to address recent developments in advertising scholarship and the latest trends in advertising practice
