Delphi Gifford has nearly given up on finding someone she could love as much as her dead husband, Fallon, who had died while they were still in college. Certainly local photographer Jeremy Litster wasn't at the top of her list, egomaniac that he is--even if he did drive the hottest racing motorbike she'd ever touched.

Jeremy knew George DiCarlo had hand-picked him to marry Delphi, but hadn't counted on her not being in the loop. After working together for six months, though, he seriously regrets his misstep and begins a careful campaign to win her over. When someone tries to take the two of them out, he has to figure out what they did or saw that put them both in danger.
