With so many blogging software programs available, it can be difficult to choose which is the right one for you. Wordpress can be as easy or in-depth as you want it to be. What sets Wordpress apart from other blogging software programs are the many extensions available through plug-ins to help enhance your blog.

You don't really have to be experienced to use WordPress on your website. Nowadays most of the hosting companies provide the ability to install WordPress on your site at a single click of the mouse. The administration section is easy to navigate and its even easy to add articles/content to your website.

Ease-of-use and a large supporting community has made Wordpress the go-to software for blogs, membership sites, ecommerce sites, and more. Wordpress provides excellent support for SEO - search engine optimization - and makes it easy for the non-tech site owner to install all sorts of features for enhancing their sites, including filling out forms, pulling in Twitter feeds, sharing with social media sites and more.

It's easy to post YouTube videos, photos, slide presentations and just about any asset someone wants to share.

Write, edit, tag, categorize, organize, re-organize your thoughts, articles, essays, interviews, stories, poems post links to your MP3s, links to your PayPal site, insert forms for your mailing list. The possibilities seem to be endless!!
