This Limited Edition (only 25,000 were printed) is a collection of success stories relating early ventures into business by Black entrepreneurs. The stories of successful entrepreneurs are not widely known, but they deserve to be. They tell of people with vision and ingenuity who achieved success with honorable business principles. Innovative ideas pursued by these businessmen still serve as models of original thinking in business. Today, just as when this book was first published, pride in accomplishment inspires the reader and affirms what can be achieved with creativity, diligence and integrity.
