How do gays find love when sex is as easy as picking a man from an iPhone app?

Is there more to gay life in London than cocktails and cockpics?

Handsome but shy Peter and his best friend Blake think it'll be as easy as G A Y to find boyfriends using the iPhone app Grindr. But carried away by the endless supply of men and the dazzling excitements of London's gay scene they find it's not as easy as they'd hoped to find love (though the men are easier than they dreamed).

Endless nights of grinding, partying and casual sex can take their toll even on gym toned Peter and young, dumb and full of cum Blake. Will either man snag a boyf without losing their liver, themselves and their friendship in the process?

'For 99 cents, what the heck? And it turned out to be a romance worth reading... If you want to download a fun read for your commute, I recommend it.' LAMBDA LITERARY March 2012
