Thawing Childhood Abandonment Issues Don Carter

NOTICE This Book Contains Sections that are greatly enhanced by the use of 60+ MP3 Audios that are sold separately: **Email the author at support@serenitycreationsonline.com for more information.**

Thawing Childhood Abandonment Issues is an "Inner Child" approach for grieving abandonment issues and healing the unfinished business of childhood. Since the wounds of unmet childhood needs are emotional in nature, recovery from these wounds needs a healing process emotional in nature. We humans are also meaning-makers and information processors who need to know why and how we are the way we are. That's why Thawing Childhood Abandonment Issues is designed with an **insight-oriented (cognitive) component as well as an experiential** (emotional) component.

The program integrates an interactive workbook with approximately 60 MP3 Audio programs that are designed to help release blocked emotions and resolve childhood grief & loss issues. While the audios are not absolutely necessary, they will enhance healing process dramatically.

Thawing Childhood Abandonment Issues is the second in the four-part **Thawing the Iceberg Series** by Don Carter, MSW, LCSW.
