**The Law of Attraction: The world's strangest secret** John M. Gonzalez

Much has been written about the law of attraction; It has attributed a universal, immutable and even omnipotent character. Although there are a lot of cases, documented facts and observations that tend to confirm the general premise of the Act, many question its validity, arguing that they have not been more than mere coincidences and unlikely coincidences that confirm its veracity or establish a theory explaining the causes of the observed results.
