Americans are poised to make one of the most important decisions of their lives. Who will be our next president? Instead of relying upon junk mail developed by paid-for-hire campaign consultants, or television ads developed by Madison Avenue advertising executives, this book empowers you to keep your own score. You may be surprised what you discover, or you may feel validated by your current views. Either way, The Patriot Test will help you uncover and perhaps rediscover what makes America great.

Among the topics covered in this book are the following: national security; jobs and the economy; foreign policy; education; family values; energy and the environment; and character. You, the reader, will grade how well Bush and Kerry have lived up to the lofty principles and ideals of patriotism as defined by our founding fathers and other patriots over the past two centuries. You can then draw your own conclusions as to which of the two candidates lives up to a higher standard.

With this book in your hand, you will no longer be passively watching this exciting campaign unfold, but will be active part of this race for America's future. You can use the information in this book to write letters to your local newspapers, discuss the issues with your neighbors, and ultimately tally your final vote after election day.
