“Michelle’s system...makes a great deal of sense to the most important people—children themselves...Michelle really outlines these things step by step very well in the book and again this is an excellent resource for professionals who work with children because its something that not only works but has worked many times in the work that she has used. (Michelle) tells us how we can sharpen our own inner sensitivities, this is very interesting stuff. I think people who have had experiences like this, and I know I have, sometimes don’t know how to interpret them but there again, its hard to deny them sometimes...this book would make a terrific stocking stuffer...cuz its small, its easy to read, its quick to read and just has tons of good information.” - **Dr. James Sutton, psychologist and host; The Changing Behavior Network**
