Designed for the three-semester engineering calculus sequence, *Calculus: Early Transcendental Functions* offers fully integrated coverage of exponential, logarithmic, and trigonometric functions throughout the first semester, within the hallmark balanced approach of the Larson team. A rich variety of applications encountered earlier in the course prepares students for concurrent physics, chemistry, and engineering courses. This edition features nearly 10,000 diverse and flexible exercises, carefully graded in sets progressing from skill-development problems to more rigorous application and proof problems. Eduspace is Houghton Mifflin's online learning tool. Powered by Blackboard, Eduspace is a customizable, powerful and interactive platform that provides instructors with text-specific online courses and content. The Larson/Hostetler/Edwards *Calculus: Early Transcendental Functions* course features even-numbered questions from the book and test bank content in question pools.
