The Shadowed Mind (A Dinah Harris Mystery) Julie Cave

A suspense-filled mystery which answers an ominous question:

Who will be found worthy to live; who is the next victim?

After the deadly investigation into the Smithsonian murders, Dinah Harris is now facing a daily battle to keep her sobriety while struggling to form a new career from the ashes of her former job as an FBI agent. From the shadows will emerge a cunning and terrifying killer, who carefully and methodically will decide whose life has value to society and whose does not.

Using her profiling and security skills as a private consultant based in Washington, DC, Dinah uncovers a connection to the shadowy world of neo-eugenics, and those who publicly denounce the killings but privately support a much different view.

Against this backdrop, Dinah must come to terms with her own past, as those associated with the deepening mystery face their own personal demons, and struggle with the concept of God's inexhaustible grace and forgiveness. Old secrets are revealed, tragedies unearthed, and the devastating legacy of science without compassion is finally brought to light.

The second in a powerful new fiction trilogy!
