Although it has been said that there is nothing new under the sun, it is a fact that sunlight provides food for plants and animals. What is also true is that new thoughts and ideas are generated every day. This book is a result of many hours of ideas designed to enable the reader to think creatively and achieve his or her academic goals. Its focus is to educate. Studying, as its main theme, is universal. Readers may view this book as a compendium of educational material for cross-curricular learning. Whether you favor mathematics, trivia, geography, semantics, or science, there is something here for you. The book is divided into sections, which makes it easier for readers to locate information. Some of the sections include: § Culture§ Global Connection§ Social Studies§ Technology § The United States In addition, it features clear and useful examples, opportunities for review and practice, and information for parents to assist their children with homework and other related learning experiences.
