This is the classic novel brought to life in full colour! Bram Stoker's gothic masterpiece was first published in 1897, and has spawned so many classic films, all based on the character he invented when Queen Victoria was on the throne. Like "Frankenstein", the films have pushed the characters into the very fabric of our society, so it is with great pride that we bring you a visual treatment that is true to the original - made even more exciting by the wonderful talent that is Staz Johnson!
